GeMS Login and Registration

To access Susan G. Komen's Grants eManagement System (GeMS), type <https://affiliategrants.komen.org> into the address bar of your web browser and hit "Enter." The page you see should look like the image shown below.

The screenshot shows the Susan G. Komen for the Cure website. At the top left is the logo. Below it are links for 'System Login' and 'Portal Home'. The main heading reads 'Welcome to the Grants eManagement System (GeMS) for Susan G. Komen for the Cure®.' Below this, a paragraph states that GeMS allows online application for community grants. Three instructions follow: one for searching affiliates, one for registered users to use the login box, and one for new users to register. A login box in the top right contains fields for 'Username' and 'Password', a 'LOGIN' button, and a 'Forgot Password?' link. The background features a blurred image of hands typing on a laptop. The footer includes 'Powered by IntelliGrants™' and a copyright notice for Agate Software, Inc.

Susan G. Komen FOR THE cure.

► System Login ► Portal Home

Welcome to the Grants eManagement System (GeMS) for Susan G. Komen for the Cure®.

GeMS allows you to apply online for available Komen community grants in your area.

If you would like to search for information on a Susan G. Komen for the Cure Affiliate in your area please visit [komen.org](https://www.komen.org).

If you are already a registered user in the system please use the login box in the top right hand corner of the page.

If you are a new user please [register now](#).

ATTENTION INTERNET EXPLORER USERS!

By default **Internet Explorer 10** in **Windows 8** does not run in compatibility mode. This is easily tested by logging into GeMS. If the compatibility mode is not enabled, the progress wheel in GeMS will simply *spin* without ever completing an action.

To enable the compatibility mode for **Internet Explorer 10**, follow these steps:

Windows 7 users start at step 2.

1. **Windows 8 only** - From the **Windows 8** start screen select the **Desktop**.
2. From the **Desktop** launch **Internet Explorer 10**.
3. Press the **Alt** key on your keyboard to bring up the top menu.
4. Go to **Tools | Compatibility View** settings
5. Either
 - Add <https://affiliategrants.komen.org/> to the **Compatibility View** websites
 - or
 - Select **Display all websites in Compatibility View**

NOTE: enabling the compatibility mode using either option will affect all GeMS web sites.

Accessing GeMS

Welcome to GeMS! **In order to use the system you must first be granted access to it.** There is one basic way to get access to GeMS – through registering and creating an account. Prior to doing so, we recommend you take some time to think through what system roles are appropriate for the individuals in your organization. There is also an order in which registration should occur so users at your organization should plan this step first.

GeMS User Roles

Project Director:

The role of Project Director should be assigned to the individual at your organization that will serve as the project's lead contact. This individual is responsible for validating all new users when they register for the system under their organization. This individual will have the highest level of access in the system and will be responsible for overseeing all administrative functions available, such as application creation and completion.

Authorized Signer:

The role of Authorized Signer should be assigned to the individual at your organization that has the authority to sign legal documents on behalf of the organization. This individual is responsible for electronically signing the application before submission and the grant contract if the organization is awarded funds. The Authorized Signer and Project Director may be the same person, but the accounts in GeMS must be separate accounts with different user names.

Viewer:

The role of viewer should be assigned to any individual at your organization who needs access to view the organization's information, but does not need the functionality to save, add, edit, or change anything within grant applications.

Writer:

The role of writer should be assigned to any individual who needs access to an organization's application to help complete the application but does not have the authority to complete the submission process. This individual cannot change the status of an application and will not have administrative function availability.

Helpful Hint:

- **The Project Director must be the first individual at your organization to register.**
- **The Authorized Signer must register and be validated/approved prior to the creation of the organization's first application.**

Creating a New Account

- 1) From the GeMS homepage, click the "register now" link located towards the bottom of the homepage. This will open the GeMS user registration form.

Registration

Please complete all required fields below. Once you have completed the fields please select the save button to complete your registration. If there is a pink Go button next to a drop down list you must click the Go button before moving to the next question. Once you have registered you will receive a message at the top of the registration page letting you know that your registration is complete and you will receive an email informing you that your registration is complete. You will not be able to log into the system until you are approved. Once you are approved you will receive an email informing you that you have access to the system.

Contact Information

	Prefix	First	Middle	Last	Suffix
Name	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Title	<input type="text"/>				
Email	<input type="text"/>				
Phone	<input type="text"/>				
What is your position at your Affiliate?	<input type="text"/>				
Affiliate State	<input type="text"/>				
Affiliate	<input type="text"/>				
Organization	<input type="text"/>				
Username	<input type="text"/>				
Password	<input type="text"/>				
	Confirm Password <input type="text"/>				

- 2) Complete the Registration page in its entirety. Once any user has created a user account for a Komen Affiliate/Komen HQ and gained access to the system, they will never have to request access from that Affiliate/Komen HQ again. There is no need for multiple accounts within GeMS.
 - a) If a question has a pink “GO” button next to it when completing a question, you MUST select the “GO” button and wait approximately 5 seconds before advancing to the next question.
 - b) Always select either “applicant” or “grantee” in the “What is your position at your Affiliate” question.
 - c) Fill in all information as required. All items marked with an ‘*’ are required to create your account.
 - d) The “Username” field must consist of all letters and numbers, minimum length 5 characters, maximum length 20 characters
 - e) The “Password” field must consist of all letters and numbers, minimum length 7 characters, maximum length 20 characters
 - f) The fields “Password” and “Confirm Password” must be the same.
- 3) If your organization already exists within GeMS, please select your organization from the Organization field drop down list. If your organization does not exist, please choose “other” in the Organization field drop down list. If you choose “other,” you will be required to complete the organization registration form section during your registration.

Federal Tax ID	<input type="text"/>			
Non-profit Documentation	<input type="text"/>	Browse...		

Helpful Hint:

To guarantee a Project Director can locate your user request in the system, make sure your organization information matches theirs exactly.

- 4) Click “Save” in the upper right hand corner to save your information.

Having saved your contact information, your account must then be approved before you can access the system. If you attempt to access the system prior to getting approved/validated, you will receive the following message:

You will receive an email notification when your registration has been submitted for approval and, when access has been granted, you will receive an email message confirming your account has been validated.

Project Directors will be approved/validated by an Affiliate representative; all other users under an organization will be approved/validated by the organization's Project Director.

Validating Users for Project Directors

In order for all users within an organization to be validated/approved, the Project Director must follow the steps listed below the screen image.

Komen Project Director User Approval

This page will allow administrative users to approve one or more users.

Search Criteria

Name

Organization

Organization City

- 1) The Project Director will receive an email when a user within their organization has registered and needs to be validated.
- 2) The Project Director logs in to GeMS and will select the “My Administration” tab at the top of the User Homepage.
- 3) Select the “User Approval for Project Directors” link within the My Administration section.
- 4) Once on the Komen Project Director User Approval Page (above), enter the new registrants name in the search criteria. You could also search the system for “new users” in the User Type field to perform a broader search.
- 5) Select the pink “Search” button.
- 6) Select the checkbox next to the users name in the Search Results section.
- 7) Select “Approval Type” to Approve User or Deny.
- 8) Assign the person’s organization to the exact same organization listed as the Project Director’s.
- 9) Select a role for the user – Authorized Signer, Writer, or Viewer.
- 10) The current date will appear in the “Active Date” field. You do not have to enter anything into the “Inactive Date” field unless you know the date you would like the user’s access to be inactivated.
- 11) Select the “Approve Selected User” button to complete the user’s validation/approval.
- 12) The new user will receive an email notification when they have been approved and can now access GeMS.

User Homepage

When a user logs into GeMS, they will land on the User Homepage. The content of the page and links across the top of the screen are described below.

- **My Profile:** Individual user information (this information can be updated at any time)
- **Logout:** Logout of the system
- **View Available Proposals:** Initiate a new grant application offered by the Affiliate

- **My Inbox:** System notifications regarding system users and application status
- **My Tasks:** List of current tasks you must complete

Automatic E-Mail Notifications

Automatic email notifications may be sent to you periodically throughout the grant year. These messages will be sent by the system according to an automatic process or as the result of a user triggered event. These messages might be triggered by the submission of an application, an application being sent for modifications, or when a pending due-date is approaching. These messages are intended to help you know what is occurring in the system that pertains to you or your Organization. These messages may also be sent by Komen GeMS Affiliate personnel. These messages are designed to help keep you up to date with the progress of your application while also serving as reminders when action is required on your part.

In order to receive these messages it is important you include an active, frequently used email address when creating your profile in the system. If you provide an incorrect email address or an address to an account that is either inactive or full, you will not be able to receive these important messages.

System Messages

In addition to the automatic email notifications, there is an area referred to as System Messages that manages messages sent to you, either from the system itself or from Komen GeMS Affiliate personnel. You can view or edit your System Messages by following these steps:

- 1) Click the “Open My Inbox” button under the “View My Inbox” section on the main menu. You will now see any unread system messages. You may filter system messages by choosing an option from the drop down labeled “Sort my inbox messages by.”

My Inbox

Sort my inbox messages by: -- Select -- GO | [View All My System Messages](#)

	Priority	Sender	Subject	Date/Time
<input type="checkbox"/>		System, Grant	A new user has registered.	6/29/2011 3:34:20 PM
<input type="checkbox"/>		System, Grant	Cody Test 6 has been added to KOMEN_TX100 Test Org 1.	5/3/2011 11:51:34 AM
<input type="checkbox"/>		System, Grant	A new user has registered.	5/3/2011 11:49:57 AM

CLOSE MY INBOX MARK CHECKED AS READ

- 2) Clicking the Subject of a message will take you to the message itself. You can read the message from that screen and may then perform any of the following actions:
 - Click the “Reply” button to reply to the system message

- Click the “Close” button to close the system message
- Click the name of the sender to send an email to the sender of the message

Initiating an Application

The Project Director, Authorized Signer, and Writer roles are permitted to initiate applications through the local Affiliate. In order to create an application, follow these steps:

- 1) From the User Homepage, click the “View Opportunities” button under the “View Available Opportunities” section on the main menu. This section will show you all of the grant program types where you may apply for a new grant. Proposals should be initiated for GY2015 in GeMS.

- 2) For those grant programs where you are eligible to apply, you will see an “Apply Now” button under the description of the grant. Click the “Apply Now” button.

- 3) A confirmation page will appear. By clicking the “I Agree” button, you will initiate a new application. An application will be created and you will be taken to the “CG Application Menu” where you can begin filling out the various sections of the application.

A screenshot of a web form titled "Agreement". It contains the text "Please make a selection below to continue." followed by the question "Are you sure you want initiate a Community Grants Application?". Below the question are two buttons: "I AGREE" and "I DO NOT AGREE". At the bottom left, it says "Powered by IntelliGrants™" and at the bottom right, "© Copyright 2000-2010 Agate Software, Inc."

Helpful Hint:

To initiate a new or additional application, click on the “View Available Proposals” button. You only need to initiate a proposal once to create it in the system. Once you have initiated a proposal, click the “My CG Applications” tab to view/edit/complete applications already in progress.

The CG Application Menu

The CG Application Menu is divided into various sections to help organize the application tasks and information. These sections are displayed and described below.

CG Application Menu

[VIEW RELATED ITEMS](#)

Helpful Hint:

The CG Application Menu allows you to access:

- All sections of the application, including the project plan and budget summary.
- Status change options.

The CG Application Menu is home base for the majority of forms and pages you will need to complete the 2016-2017 Grant Application.

View, Edit and Complete Forms

The View, Edit and Complete Forms section is where the vast majority of the application is located. This section contains all of the forms associated with your application. To view the

application forms, simply click the “View Forms” button and then click on the name of the form you wish to view.

Application Completion

If you click the “View Forms” button under the View, Edit and Complete Forms section on the CG Application Menu, the various pages of the application are displayed. These are the forms you **MUST** complete before the application can be submitted. The following will lead you through the necessary steps for completing the required application forms and pages.

Forms Navigation

There are three basic methods for navigating through the forms of your application. You may either use the “Back” link at the top of any page within the application, the breadcrumb links just below the “Back” link, or the links listed in the “Forms” section at the bottom of the page.

The image shown below is the “Back” link with the “You are here” breadcrumb trail below it. These two tools will be commonly used when navigating through the various pages of your application.

 [Back](#)

Document Information: CGA-2011-KOMEN_TX100-KOMEN_TX100 Test Org 1-00036

 [Details](#)

You are here: > CG Application Menu > Forms Menu > Application

By clicking the “Back” button, you will be taken back to the Forms Menu and you can click on the next page you wish to complete. You do not have to complete the pages of the application in any particular order. Note that the “Back” button in the system is different than your internet browser back button. Be sure you are using the system button and not your browsers.

The “Forms” navigation tool can be found at the bottom of the page. To access the form, simply click on the page name.

Forms

Status	Page Name	Note	Created By	Last Modified By

	Patient Care			
	Sub-Contracts			
	Other			
	Indirect			
	Project Budget Summary			

Forms Completion

When filling out an application form, it is suggested you first complete all of those fields for which you have information. Not everyone in each organization will have all of the information necessary to complete each form. Complete as much of it as you can and then click the “Save” button. Fields followed by red asterisks are required fields.

Helpful Hint:

Please refer to the 2016-2017 Request for Applications (RFA) and the Additional Support Tools on Komen Northeast Ohio's [website](#) for specific information related to the various forms and required information associated with the 2016-2017 Grant Application.

In the creation of some forms, the “Add” button is used to create additional fields so the applicant can list each item that falls under a particular category. The Project Work Plan – Objectives, for example, will typically consist of more than one item. Any form that has an “Add” button allows you to have multiple instances of that particular form. The following picture shows the available “Add” button on a page where multiple pages can be created.

When multiple pages have been created for a particular form, you can choose between them. A dropdown menu will appear on the far right of the button toolbar. Select the Item and hit the “Go” button and it will take you to that item’s page.

The screenshot shows the 'PROJECT WORK PLAN - GOALS' form. At the top right, a toolbar contains buttons for 'SAVE', 'ADD', 'DELETE', 'ADD NOTE', and 'CHECK GLOBAL ERRORS'. The 'ADD' button is circled in red. A dropdown menu is open from the 'ADD' button, showing 'Test Goal 1' and 'Test Goal 2'. The 'GO' button next to the dropdown is also circled in red. The form content includes instructions for adding goals and a form with fields for 'Goal Name' (containing 'Test Goal 1') and 'Goal Description' (containing 'Test'). A red asterisk is visible next to the 'Goal Description' field. At the bottom, a progress bar indicates '4 of 300'.

When additional pages have been created, a number in parentheses will appear after the form name on the Forms page to indicate the number of pages connected with the particular link. Multipage forms will not display a Created By or Last Modified By name/date.

	Key Personnel
	Project Work Plan - Goals (3) ←
	Project Work Plan - Objectives

Automatic Calculations

When possible, **GeMS will automatically calculate totals for you.** Click the “Save” button to perform calculations – calculations will not occur until the “Save” button is selected.

Name of Consultant	Agency Affiliation if Applicable	Hourly Rate	# of Hours	Total
Joe Smith	Test Affiliate	\$25	40	\$1,000
John Doe	Test Affiliate	\$30	35	\$1,050
Amy Joe	Test Affiliate	\$40	31	\$1,240
				Totals: \$3,290

The “Budget Summary” page is another example of where automatic calculations will occur. When the Budget Summary is opened, the system will take the values you have entered in the Budget pages and display the information in the Budget Summary.

From Other Sources				
	Requested from Komen	Cash	In Kind	Total Required
Salaries and Fringe	\$11,075			\$11,075
Consultant Costs	\$3,290			\$3,290
Supplies	\$0			\$0
Travel	\$5,000	\$200		\$5,200
Patient Care Costs				
Screening	\$735			\$735
Diagnostics	\$15,812			\$15,812
Treatment	\$1,558			\$1,558
Transportation	\$113			\$113
Subcontracts	\$6,715			\$6,715
Other	\$2,500			\$2,500
Subtotal – Direct Costs	\$46,798	\$200	\$0	\$46,998
Indirect Costs	\$0			\$0
Total:	\$46,798	\$200	\$0	\$46,998

Error Messages

If any required field is not completed within an application form or there are business rules violated, an error message will be displayed in red across the top of the page immediately after the “Save” button is clicked. During form completion it is not necessary to correct errors right away. You may return to the form at a later time and fix errors. If for some reason any errors

remain when you attempt to submit the application, you will receive an error message. The Komen GeMS system will require the errors be fixed before the application submission can be completed. See the example below.

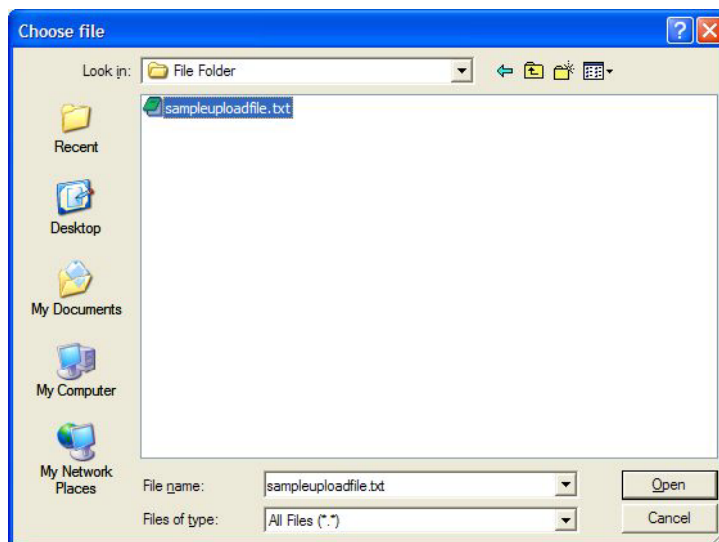

Uploads & Attachments

For some pages, form fields are not enough to capture the type of information that may be required. In those situations, a file upload field may be provided to allow you to upload a file instead. Files of the following types are allowed as uploads: bmp, doc, docx, gif, jpg, pdf, png, ppt, tif, txt, wpd, xls and.xlsx. To upload a file, click the “Browse” button. Uploads should be 4 mgs or less.

Browse to the folder that contains the file you would like to upload and either double-click the file or click the file and then click the “Open” button.

After the page reloads, you must then click the page “Save” button to save the uploaded file.

PDF Version

In many pages, once the page is saved, a “Print Version” button will be available that will automatically create a PDF for you with the data you provided for each form. These dynamic PDF's can be printed or saved to your computer for reference.

Copy and Paste

Applicants should be cautious when utilizing copy and paste from a Word document into GeMS. We suggest you copy to NotePad first, then to GeMS. Copying to NotePad will remove all formatting.

Text Limits

Applicants must also be aware of the character limits of each text box, as attempting to copy and paste text larger than the allotted amount of space will yield an error. The character limit may be found at the bottom left of each text box.

A screenshot of a text input field in a web application. At the top left of the field, a red error message reads "Data exceeds the allowed length". The text inside the field is truncated and repeats: "Provide a brief description of the organization's history. If your program is part of a larger organization, briefly explain the mission of the larger entity and your relationship to it. Provide a brief description of the organization's history. If your program is part of a larger". At the bottom left of the field, a status bar shows "373 of 200" with a black arrow pointing left towards the text, indicating the current character count and the limit.

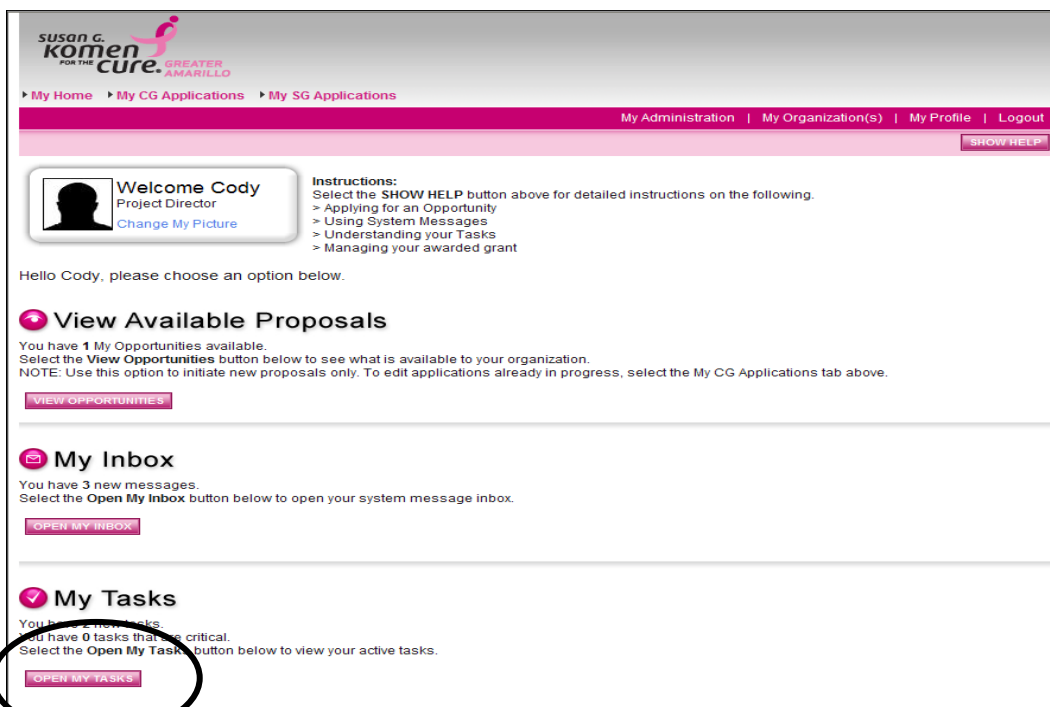

Note: If you exceed the allowed length, **do not exit the document until you have edited it down** to the allowed text limit; otherwise your text will be lost even if you hit the “Save” button.

Application Submission

The Project Director must change the status of the application to “Authorized Signature Required” to begin the application submission process. After the Project Director has changed the Application status, the Authorized Signer must finalize the submission by changing the status to “Application Submitted”.

Once an application is submitted it will enter into a read-only status and cannot be changed!

- 1) Project Director logs in and clicks “Open My Tasks.”

- 2) Select the grant you would like to submit in your task list.
- 3) Click “View Status Options” to see the possible statuses.

- 4) Click “Apply Status” under the appropriate status.

If any errors exist on any of the application’s forms when the Project Director attempts to change the status to Authorized Signature Required or the Authorized Signer attempts to submit, they will receive an error message directing them to the form(s) with errors. All errors must be fixed before GeMS will allow an application to be submitted. If no errors exist, the

grantee will be prompted to confirm his or her submission. You can check for errors at any time using the Global Errors link.

 **Global Errors**

Document Information: [CGA-2011-KOMEN_TX100-KOMEN_TX100 Test Org 1-00036](#)

 [Details](#)

Info	Document Type	Organization	Role	Current Status
	CG Application	KOMEN_TX100 Test Org 1	Project Director	Application In Progress

 You must provide written justification for all items requested.;
[Consultants](#)

 You must complete this page.
[Key Personnel](#)

 You must provide written justification for all items requested.;
[Other](#)

- 5) Authorized Signer logs in to GeMS and clicks “Open My Tasks.”
- 6) Select the grant you would like to submit in your task list.
- 7) Click “View Status Options” to see the possible statuses.

 **Change the Status**

Select the **View Status Options** button below to perform actions such as submitting applications or request modifications.

- 8) Click “Apply Status” for “Application Submitted.”

Helpful Hints

- When completing the application within GeMS, please review the Request for Applications and additional support tools provided by the local Affiliate for details on each application page and submission requirements.
- Always hit “Save” to save your data. **If you do not hit “Save” and you navigate away from the screen/form, your data will be lost.**
- If you scroll over the first aid kits, help content will be available for that specific question.

- **The system will automatically log a user out after 45 minutes with no activity. If the system logs out automatically, the last data entered will not be saved if the “Save” button was not selected prior to the log out.**
- If you copy and paste text from Word, you must hit the backspace button within the text field for the correct character count to be shown.
- The Project Work Plan Summary is a report of all of the goals and objectives entered on the Project Work Plan pages.
- Print versions of the blank application and completed application are available within the Access Management Tools section of the application menu.
- Always use the “Back” button within the system when trying to return to a previous page.
- When in doubt, contact the GeMS Affiliate staff – Gina Chicotel, Director of Mission – at gchicotel@komenneohio.org or (216) 292-2873 x112. Affiliate staff is available for:
 - Registration and log-in troubleshooting.
 - General system troubleshooting.
 - Editing sections of the application to comply with text limits.
 - Further explanation of application requirements.
